

THE SERPA® ADVANTAGE

[PATENTED 5,918,784 AND D501,991 OTHER PATENTS PENDING]

THUMB ACTIVATED PIVOT GUARD

SERPA AUTO LOCK TECHNOLOGY

PASSIVE RETENTION ADJUSTMENT SCREW

SERPA® TECHNOLOGY

This unique holster design allows you to forget old-fashioned thumb breaks that slow your draw and complicate re-holstering. The patented SERPA® Auto Lock Technology™ engages the trigger guard as you holster the pistol and won't let go until you release it. The release is made using your normal drawing motion, with the trigger finger beside the holster body. On the SERPA® Level 3 holster pictured, the pivot guard is quickly opened by thumb break activation. The pivot guard adds an extra level of retention and it will not close accidentally and lock you out of the holster.

SERPA TECHNOLOGY™ FEATURES:

- **Ergonomic Design**
Custom molded per weapon size
Reinforces proper hand position and draw technique
- **Commonality of Training**
Reinforces full master grip
Auto-lock position reinforces finger on frame
All platforms use common draw technique
- **Multiple Levels of Security**

THE SERPA® ADVANTAGE

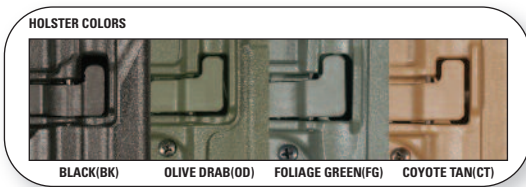

1 Establish master grip on the weapon with the index finger extended

2 Lay the pad of the index finger on top of the SERPA® release. Apply pressure against the release with the extended index finger as you draw.

3 Draw the weapon normally and the index finger will locate itself on the weapon frame.

CONSTRUCTED OF A PROPRIETARY CARBON FIBER BLEND

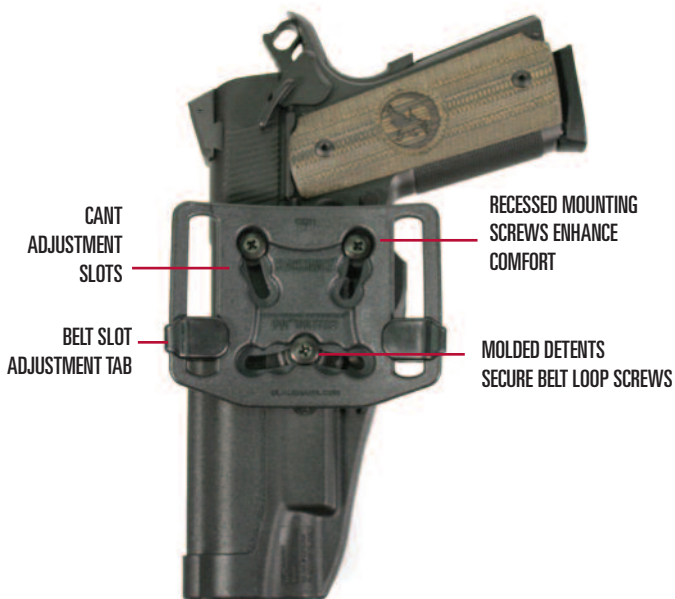

- Lightweight
- Does not show wear or stress
- Not affected by heat or cold
- Not affected by chemicals
- Finish options match other gear
- Neat, clean, professional

ALL BLACKHAWK!® CQC® CONCEALMENT HOLSTERS INCLUDE BOTH BELT LOOP AND PADDLE PLATFORMS

BELT LOOP PLATFORMS

[PATENTED D507,104]

Our Carbon-Fiber Composite Belt Loop allows you to adjust to a variety of different angles so you can vary the cant of the holster from strong side to appendix carry and even cross-draw. The unique belt-slot adjustment tabs even allow you to adjust the width of the belt slots for different belt sizes. They can also be used to adjust the ride height of the holster, by placing them at the top or bottom end of the belt slot, allowing the belt to ride above or below the adjustment tabs.

CANT ADJUSTMENT SLOTS

RECESSED MOUNTING SCREWS ENHANCE COMFORT

BELT SLOT ADJUSTMENT TAB

MOLDED DETENTS SECURE BELT LOOP SCREWS

ANGLE ADJUSTABLE PADDLE

[PATENTED D508,318]

Our user-friendly Carbon-Fiber Composite Paddle also allows you to vary the angle of cant through a full range of options. Butt forward for strong side or behind the hip carry, vertical for appendix carry or even muzzle forward for appendix or cross-draw positions.

Our unique paddle gives you a very stable platform for your holster and won't come out when drawing the handgun, thanks to adjustable retention hooks that ride under your waistband as well as the tension of the paddle. Yet it doesn't require unfastening your belt to remove the holster.

SERPA® CONCEALMENT HOLSTERS

MATTE FINISH

 ALL BLACKHAWK® CQC® SERPA TECHNOLOGY™ HOLSTERS COME WITH BOTH BELT LOOP AND PADDLE PLATFORMS.

 **SERPA® CQC CARBON-FIBER HOLSTER WITH SERPA ACTIVE RETENTION SYSTEM**
[PATENTED 5,918,784 AND D501,991 OTHER PATENTS PENDING]

This unique holster design allows you to forget old-fashioned thumb breaks that slow your draw and complicate re-holstering. The patented SERPA Technology lock™ engages the trigger guard as you holster the pistol and won't let go until you release it. The release is made using your normal drawing motion, with the trigger finger beside the holster body. The perfect retention holster for concealed carry. SERPA® TASER X-26 HOLSTER

SERPA X-26 TASER® HOLSTER

The SERPA Active Retention System has now been adapted for the TASER® X-26. This design incorporates our Detachable Belt Loop, so that officers can exchange the TASER® between shifts without having to remove other items from the duty belt. Also fits all SERPA® platforms, including duty belt loops, MOLLE, shoulder and tactical thigh platforms. The multi-draw design and rock forward draw, versus traditional straight draw, help prevent confusing weapons under stress. The holster is even designed to automatically engage the safety when re-holstering the TASER®.

The holster design stabilizes the X-26 even with the optional camera unit attached. The holster's bottom is configured to block the probes in case of activation within the holster. The trigger and trigger guard are completely enclosed while the TASER® is holstered.

- Popular SERPA design adapted for TASER®s with multi-draw design
- Belt loop design allows officers to exchange TASER® without removing other gear
- Different draw than pistol holsters to help prevent confusion under stress
- Belt loop also fits most duty belts
- Design automatically engages safety when re-holstering
- Available in matte-black, basketweave and plain black finishes
- Designed to retain probes if activated while still in holster
- Completely covered trigger when holstered
- TASER® fully stabilized even with camera unit attached
- Fits all SERPA® platforms: duty belt loops, MOLLE and Tactical Thigh Platforms
- Protects cartridge in holster

SERPA® LEVEL 3 DUTY HOLSTERS

BASKETWEAVE FINISH

SERPA LEVEL 3 AUTO LOCK™ DUTY HOLSTER

Level 3 retention holsters have long been the standard for law enforcement duty use. The problem has been that many holsters that provide this level of protection are clumsy to operate and can prevent the officer from drawing his weapon rapidly under stress. The Level 3 SERPA Auto Lock holster uses your natural drawing motion to release the weapon. No unnatural motions or complicated sequences to remember, just grab and draw using gross motor skills.

- SERPA Auto Lock System provides a quick, natural draw with immediate security upon re-holstering to increase officer safety
- Injection molded carbon fiber composite construction provides incredible strength
- Extremely light weight
- No snaps or hoods to accidentally open. Weapon stays secured until you decide to draw
- Ease of training, same drawing technique for undercover, tactical and duty

STANDARD CQC® CONCEALMENT HOLSTER WITH PRESSURE ADJUSTABLE DETENT

Our amazing Carbon-Fiber Composite holster gives you the most advanced material available for a holster, with a tension-adjustable passive retention system that allows you to select the amount of retention on your gun. Our system uses a passive retention adjustment screw that grabs the trigger guard of your pistol.

- A cut down body & tapered trailing edge aid in concealment
- Passive retention adjustment screw allows you to select level of retention
- Speed cut allows for fast draw and easy re-holster

All BLACKHAWK!® CQC® Carbon-Fiber Holsters include both Belt Loop and Paddle Platforms

NEW MODELS AND COLORS!

3 SLOT LEATHER PANCAKE HOLSTER

This proven design is adaptable, comfortable and contours to your body for excellent concealment. Our reinforced thumb break allows a quick break with minimal motion. The two-piece, contour stitch design is optimized for concealment and durability. The molded design of this premium leather holster is made to curve to your waist structure and the belt slots pull the holster tight to the body for increased concealment.

- Reinforced thumb break for durability and ease of draw
- Covered trigger guard for safety and security, yet cut for a full grip at time of draw
- 3-Slot design allows for strong-side hip carry, as well as appendix carry and cross-draw options
- Contoured molding and double-stitching for a perfect fit

DETACHABLE SLIDE HOLSTER

This update to the well-known slide design allows you to attach and detach the holster to your belt in just seconds. Our belt loops go under your belt and fasten with extra strength snaps to secure the holster at your side, without ever undoing your belt. Ideal for detectives and others who are in and out of the office or regularly visit facilities where weapons have to be removed. Covered trigger guard allows high level of safety and the adjustable thumb break gives you a perfect fit for whatever model pistol you carry.

- Increased-strength snaps stay fastened
- Belt loops have angled cut for use with a variety of belt widths
- On or off in just seconds
- Black, non-reflective snap covers

TUCKABLE HOLSTER

Completely conceal your pistol without having to wear a cover garment or an untucked shirt. This tuckable holster allows you to carry your pistol and still tuck in your shirt. The clever belt clip goes under your tucked shirt and the belt attachment is so unobtrusive most people won't even see it. Rough-side out material provides a non-slip fit.

BELT CLIP GOES UNDER YOUR TUCKED SHIRT.

COMPACT SLIDE HOLSTER WITH MAG POUCH

This holster is no bigger than most slide designs, yet offers the ability to carry a spare mag, as well. Our flex-design hugs the waistline and offers a compact, complete package. Open bottom allows use of different slide lengths and increases versatility. Holster is cut to allow a full combat grip, yet covers trigger guard for added safety. Holster is cut to allow a full combat grip, yet covers trigger guard for added safety. Rear belt loop works with unique dual front belt loop design to allow use as strong side or appendix carry. Some may even find it suitable as a cross-draw.

- Available for single-stack and double-stack model pistols
- Molded detent helps keep magazine in place and mag position won't interfere with draw or re-holster
- Unique dual front belt loop allows multiple carry modes
- Adjustable tension screws

LEATHER CHECK-SIX™ HOLSTER

Whether behind the back or just behind the hip, this holster gives you options, comfort and speed. Contour double-stitched premium leather has a molded sight track, adjustable tension screw and dual belt slots designed to pull the gun tight to your body. Cut to provide a combat grip from the start, this holster gives you outstanding concealability, even when your covering garment is open. When employing a long gun as primary weapon, this holster's position is perfect for your handgun, as it won't interfere with operation of the long gun.

- Designed to hold handgun close to the natural contour of the waist
- Ideal for secondary weapons
- Flat holster back keeps sharp edges away from body
- Low profile design aids concealment

PASSIVE RETENTION ADJUSTMENT SCREW

LEATHER INSIDE-THE-PANTS HOLSTER

For deep concealment for a secondary weapon, working undercover or just off-duty, this is the ideal choice. Features a shirt shield to keep leather between the slide and your body to increase comfort and prevent shirt from blocking holster. Angle-adjustable belt loop is mounted to reinforced upper body for stability.

- Adjustable tension-screw gives you the choice on level of retention
- Shirt shield protects clothing, keeps holster opening unobstructed and increases comfort
- Allows use for middle-of-the-back, strong side, appendix or cross-draw carry
- Less bulk than most leather inside-the-pants holsters
- Molded sight track for smooth draw and re-holster

LEATHER COMPACT ASKINS

This venerable design has been updated with the highest quality leather and a minimalist approach that allows more versatility and comfort than before. The belt loop sewn to the back of the holster keeps the handgun close to the waist and the trailing belt slot pulls the butt into the body for greater concealment. Reinforced holster mouth assures easy re-holstering and the adjustable tension screw lets you choose the ease of draw for your handgun. Our injection-molded sight track allows the use of even high custom sights and keeps them from dragging on the holster.

- Trailing belt slot pulls grip in, greatly increasing concealment
- Adjustable tension screw allows fine-tuning for personal preference
- Reinforced opening allows consistent ease in re-holstering
- Use full-size or compact model handguns

ANGLE-ADJUSTABLE PADDLE HOLSTER

Our paddle holster gives you a flat profile for maximum concealment, with a paddle design that takes your comfort very seriously. Even though the holster is constructed for minimal bulk, it still features a sewn in sight track, wrap around trigger guard cover and a reinforced thumb break for a rapid draw and easy re-holstering.

Easy on the angle adjustable paddle stays where you want it, but allows you to remove the holster without undoing your pants. This holster is an excellent choice for those who have to remove and replace weapon throughout the day in office or secured facilities. Holster design covers trigger guard, yet is cut to allow a full grip before draw.

- Wrap around trigger guard keeps slick-slide pistols from rocking out from under retention strap
- Sewn in sight track for smooth draw - no worries about custom sights snagging in holster
- Flat profile hugs body for maximum concealment
- Molded, angle adjustable polymer paddle designed for comfort and stability

LEATHER SPEED CLASSIC (AVAILABLE FOR MOST 2" AND 2 1/8 S&W, RUGER, TAURUS AND OTHER FIVE SHOT REVOLVERS)

The ultimate in speed for the ultimate in hideout handguns. This adaptation of the famous Berns-Martin design gives you a quick draw with secure carry and goes back to what the original models were, a small holster for a small handgun. This is not the big, bulky version some did later, which ignored the intent of a thin, minimalist design. The holster is handmade of premium, wet-molded leather and heavy duty elastic for a secure fit and a trailing edge belt loop, to pull the grip in tight to the body. Under a T-shirt, sweatshirt or suit coat, this will hold your snub-nose the way it was meant to be.

BELT POUCH HOLSTERS

These clever concealment pouches allow you to carry “hidden in plain sight.” Designed to mimic a camera or tourist pouch, each has a top zipper opening that can remain open or closed with your handgun hidden behind a hook-and-loop flap. A separate pocket sewn to the front of the pouch carries keys, cuffs, ID or change and is an ideal spot for a camera company patch or other “corporate camouflage.” Dual belt loops fit any belt up to 2” wide.

HOLSTER ACCESSORIES

BLACKHAWK!® CQC® CONCEALMENT MODULAR ACCESSORIES FEATURING OUR PICATINNY SYSTEM

In our Carbon-Fiber Composite line, we offer single magazine pouches for both 9mm/40 cal. single-stack mags and 9mm/40 cal. double-stack mags. These have a built-in tension spring that keeps your mag secure but allow rapid removal when you need it. We also offer two different light carriers, one for the detachable pistol lights, such as the M-3 style and one for small personal lights, like the Streamlight® and Surefire® lights.

CARBON-FIBER MAGAZINE CASES [PATENTS PENDING]

Our magazine pouches have a built-in tension spring, to hold your magazine in place until you need it and to allow the use of a variety of magazines in each pouch. The most interesting thing about our magazine pouches is that the unique belt clip can be removed and they can be placed side by side on our Dual Rail Accessory Platform, for those wanting a double magazine pouch, on the same carrier. Or, they can be placed beside one of our light carriers, for a combo light/mag carrier.

CARBON-FIBER DUAL RAIL ACCESSORY PLATFORM [PATENTS PENDING]

This Dual Rail™ Accessory Platform comes with a bracket already installed on one of the rails for the M-3/M-6 family of lights and allows you to pick any of our other Belt-Clip mounted accessories and place them alongside one of these platforms. If you don't want the M-3 holder, simply remove it and mount another accessory of your choice. Available in both paddle and belt loop models, these Dual Rail Accessory Platforms are another example of how BLACKHAWK! CQC gives you choices.

LIGHT AND MAG POUCH SOLD SEPARATELY

CARBON-FIBER M-3 LIGHT CARRIER [PATENTS PENDING]

This carrier is designed for Picatinny rail mounted weapons lights, such as the M-3 and M-6 family of lights, as well as some of the other smaller models. The belt clip allows use with any standard width pants belt.

The M-3 Carrier is designed to lock the switch in the off position, preventing it from accidentally turning on while you are wearing it. Or, you can carry the light in the lens down position and it will protect the lens from damage. The high-strength Carbon-Fiber Composite ensures years of service.

M-3 LIGHT CARRIER

\$15.99

LIGHT NOT INCLUDED

COMPACT LIGHT CARRIER [PATENTS PENDING]

This small yet rugged carrier is designed to carry the smaller personal-sized lights that are so popular with cops, soldiers and civilians, such as the Streamlight® Scorpion, TL-2 and TL-3. The built-in tensioning device allows the use of all these lights and keeps them in place and ready for use. The button recess at the bottom of the carrier prevents the accidental activation of light switches that protrude from the tail cap.

Our light carrier also has the same belt clip as our magazine cases and can be removed from the belt clip and used on one of the Dual Rail Accessory Platforms for a combo carrier for light and pistol magazine or in combination with any of our other accessories.

LEATHER MAGAZINE POUCHES

The BLACKHAWK!® CQC® single-stack and double-stack magazine pouches not only give you the ability to fit a variety of magazines, with it's integral tension-adjustable screw, but allows you to vary the angle of carry 30 degrees in either direction. Our unique angle-adjustable belt-clip has a very aggressive talon to keep the mag pouch where you want it. The belt clip can even be removed from its mount and the clip-mount will function as a belt loop, with most dress belts. Available for single-stack 9mm, 10mm, .40 cal and .45 cal magazines and for double stack 9mm and .40 cal magazines in both metal and polymer.

MADE OF OUR PROPRIETARY 5 LAYER MOLDED CORDURA® NYLON MOLDED CORDURA DUTY GEAR

 Only BLACKHAWK!® has combined the crisp, professional look of molded nylon with the superior abrasion resistance of Cordura®. You've always had to settle for one or the other. Now you can get both. Abrasion is the main enemy of duty gear and regular nylon just doesn't hold up. Cordura® has superior resistance to abrasion, but has always been easy to crush and hasn't always maintained its shape. BLACKHAWK!® has found a way to mold Cordura®, so that you get that great molded look with the toughness of Cordura®.

MADE OF OUR EXCLUSIVE 4 LAYER LAMINATE OF CORDURA® NYLON TRADITIONAL STYLE NYLON DUTY GEAR

At BLACKHAWK!® we are focused on giving our customers choices where other companies give you limits. To further expand our selection of nylon duty gear, we are offering a more traditional non-molded line of Cordura nylon. You get the same famous abrasion resistance and ability to decontaminate with a simple bleach solution that Cordura nylon is noted for, but at a lower price level than our premium molded Cordura line. Our exclusive four-layer laminate of Cordura® nylon, waterproof closed-cell foam padding, flexible polymer reinforcing layer and 150-denier knit lining used in the non-molded Cordura accessories and our rugged nylon web belts will give you years of service at an easy-on-the-wallet price. Our injection-molded belt loops will fit duty belts up to 2 1/4 inches and many mag pouches will work both vertically and horizontally.

BASKETWEAVE MOLDED DUTY GEAR

BLACKHAWK!® has done it again, giving you the best of both world's for traditional looking yet street-tough duty gear. We've combined the high performance, light weight and ability to disinfect blood-borne pathogens of nylon and added the traditional look of basketweave leather duty gear. Now your officers can get the back-saving lightness and all-day comfort of nylon with the crisp molded look of leather duty gear. Only BLACKHAWK!® gives you the strength of our proprietary 5-layer laminate with the integral polymer core for long-lasting service life.

ERGONOMIC PADDED DUTY BELT (MOLDED CORDURA®)

Ergonomically designed Duty Belt with padded edges. Nylon Loop backing mates to Duty Gear Trouser Belt.

XSMALL FITS SIZES 22-24, SMALL FITS SIZES 26-30, MEDIUM FITS SIZES 32-36, LARGE FITS SIZES 38-42, XLARGE FITS SIZES 44-48, XXLARGE FITS SIZES 50-54

44B2__BK PLAIN XS, SM, MD, LG, XL, XXL **\$36.99**

TRIPLE RELEASE RETENTION BUCKLE

LOOPBACK INNER BELT

The Loopback Inner Duty Belt gives you an easy-to-use and comfortable inner belt. The woven nylon hook mates up to the nylon loop on the inside of many duty belts for added stability or reverse the belt for courtroom wear without the duty belt. The nylon loopback buckle lets you easily adjust the size and the low profile design increases comfort.

44B5__BK BLACK SM, MD, LG, XL **\$14.67**

BLACKHAWK!® INNER DUTY BELT – HOOK AND LOOP CLOSURE

Nylon web inner belts fasten with nylon hook and loop.

44B7__BK BLACK SM, MD, LG, XL **\$12.65**

2" WEB DUTY BELT

This double layer web duty belt gives you strong performance at a budget price. It includes a triple retention buckle and molded keepers for serious use.

44B6__BK BLACK SM, MD, LG, XL **\$21.99**

TROUSER BELT (INNER BELT)

Molded nylon loop hook will not fray belt loops or trousers. Full-length nylon hook on one side mates with the nylon loop of many duty belts to increase stability. Simply reverse the belt for courtroom wear without duty belt.

XSMALL FITS SIZES 22-24, SMALL FITS SIZES 26-30, MEDIUM FITS SIZES 32-36, LARGE FITS SIZES 38-42, XLARGE FITS SIZES 44-48, XXLARGE FITS SIZES 50-54

44B1__BK BLACK XS, SM, MD, LG, XL, XXL **\$21.99**

MOLDED NYLON HOOK WON'T FRAY BELT LOOPS OR TROUSERS

REINFORCED 2" WEB DUTY BELT

Great performance at a great price. Two layers of nylon web are reinforced with a polymer spine for durability and strength. The nylon binding provides a smoother edge, more comfort and a more professional appearance. Plus the binding reduces the abrasion from the edge of the belt and the triple lock buckle helps prevent accidental opening or someone stripping your belt.

44B3__BK BLACK SM, MD, LG, XL **\$27.36**
