BLACKHAWK!® KNOXX™ SPECOPS STOCK™

From the longest arm of the law to the shortest, the popular SpecOps Stock™ is instantly adjustable to fit any shooter. With over 4 inches of adjustment, this is a stock that any sized shooter can use comfortably in any application and with any load.

This patented recoil-reducing stock will revolutionize the way you think about shotguns. Utilizing dual Knoxx recoil-compensating systems, the SpecOps Stock™ has the ability to **reduce perceived recoil of even the most potent loads by up to 85%**. The SpecOps Stock™ makes even the heaviest loads easy for all shooters to handle!

The SpecOps™ polymer and alloy construction makes it durable, reliable and built to last. The unique features and design of this pistol grip stock allows law enforcement agencies and military personnel the ability to use their shotguns with all load-bearing and ballistic tactical vests.

SpecOps Stock™ Unique Features Include:

- Instantly adjustable stock to fit all shooters
- 11.25 to 15.25-inch length-of-pull
- Perfect fit with load-bearing and ballistic tactical vests
- Dual recoil compensation systems eliminate harsh recoil with all loads
- Includes matching composite forend
- Unique design cuts muzzle rise - Back on target faster
- Eliminate shoulder fatigue and related recoil injuries

BREACHERSGRIP™
RECOIL REDUCING
PISTOL GRIP **PATENTED**

This shotgun pistol grip cuts recoil in half and makes firing breaching rounds or heavy loads painless.

This product is so effective in reducing painful recoil that a BreachersGrip™-equipped shotgun can be used effectively one-handed, even with magnum loads. The stock design is ideal for close quarter combat or home defense. Attach a sling and your shotgun is ready when you need it or out of the way when you don't.

BreachersGrip™ Unique Features Include:

- Greatly reduces painful recoil
- Compact design for easy storage
- Quick to deploy
- Comfortable and ergonomic pistol grip

SPECOPS FOLDER™ **PATENT PENDING**

This sleek folding pistol grip stock takes the pain out of shooting magnum buckshot and slug loads, even with the stock folded. The sturdy soft-rubber coated folding wire-frame stock with integral rubber butt pad is easily folded over the top of the receiver.

This allows for compact storage and increased maneuverability in tight spaces, such as vehicles, motorcycles, hallways and entryways.

Shooters testing the SpecOps Folder™ with magnum buckshot loads have found that there is very little discernible recoil in either open or folded positions, with virtually no muzzle rise. **The patented Knoxx™ SpecOps Folder™ shotgun stock cuts perceived felt recoil by over 65%.**

BLACKHAWK!® KNOX™ COMPSTOCK™

PATENTED

The CompStock™ has been received with enthusiasm by sportsmen, competitive shooters and law enforcement due to its ability to dramatically reduce recoil with light and heavy loads.

Law enforcement officers, required to qualify with a shotgun, will find the CompStock™ the secret to higher scores and better field results. Hunters and competitive shooters will find their hit ratios and scores improving as flinching and recoil anticipation dramatically decreases.

Laboratory tests conclude that the improved patented recoil reducing system of the CompStock™ actually **slows the entire recoil cycle down and absorbs more than 54%** of the net peak recoil. Using a cam roller extension spring the CompStock™ system removes painful recoil.

The CompStock™ is the ideal choice for those seeking a recoil reducing stock in a traditional design. Packaged with a composite forend, the CompStock™ is the perfect solution to the problem of recoil.

CompStock™ Stock Unique Features Include:

- Greatly reduces painful recoil and eliminates muzzle rise
- Provides ultimate shooting comfort
- No adjustment or tuning required
- Easy Installation
- Superior in every way to any conventional shotgun stock
- Comfortable all weather rubber grip

BLACKHAWK!® KNOXX™ SHOTGUN BREACHER'S STOCK & ACCESSORY KIT

A collaborative effort between Dynamic Entry® and KNOXX™ Stock, this kit features the trademarked BLACKHAWK!® KNOXX™ BreachersGrip™, a weapon's catch, weapon's sling and body armor adapter. The BreachersGrip™ shotgun pistol grip cuts recoil in half and makes firing breaching rounds painless and easy; in fact, the product is so effective that a breaching shotgun outfitted with the stock can even be fired one-handed in awkward angles.

The weapon's catch, sling and sling adapter work together to provide an effective and secure retention system. The weapon's catch can attach to either a MOLLE-equipped vest using BLACKHAWK!'s Speed Clips™ or to a standard issue duty belt using A.L.I.C.E. Clips retention straps. The sling attaches to the butt of the stock, while the sling adapter loops around the shoulder section of the breacher's body armor. Using this versatile retention system ensures **your breaching shotgun is at the ready when you need it or out of the way when you don't.**
