

A collection of medieval reenactment gear is displayed on a grey surface. The central piece is a cream-colored quilted tunic with brown leather lacing and patches. A long sword with a wooden hilt and a silver blade lies diagonally across it. Surrounding the tunic are various pieces of metal armor: a helmet at the top, gauntlets on the left and right, and arm guards. The text 'CAS HANWEI GDFB REENACTOR CATALOG' is overlaid in the center.

CAS HANWEI **GDFB**  
REENACTOR CATALOG

Welcome to our temporary Reenactor Catalog - temporary as we are continuously adding new GDFB Global products to the line and expect to have a more comprehensive catalog, complete with detailed descriptive information, available by mid-2009.

The GDFB Global line has a deserved reputation worldwide as a leader in the field of commercially-available reenactor products, and CAS Hanwei is proud to carry the line as the master distributor for the U.S. and Canada. GDFB Global employs the knowledge and design abilities of several experts in the field of historical arms and armour and translates this expertise into products that are as period authentic as reasonably possible, at very affordable pricing. The items shown in this catalog, and those which we plan to add in future, are pieces that we consider appropriate to the North American marketplace. We welcome suggestions for additional items and for improvements to existing pieces and can obtain, on a special order basis, any item made by GDFB Global that we do not currently carry in stock.

The catalog contains only essential descriptive information, such as sizes, weights etc., and more comprehensive details can be ascertained by visiting our website and simply inserting an item reference number into the "Search" box. We will also be happy to answer any questions submitted by email (info@cashanwei.com).

For details of our extensive line of period weaponry, please request our separate catalog of Hanwei products or check our website. We look forward to hearing from you!

Length: 34"  
Weight: 4 lb

# Chain Maille Codes, Swatches, Replacement Rings and Tools

Our Chain Maille items are supplied in various ring styles, materials, ring diameters, wire gauges and finishes. To simplify selection, we have sorted the various combinations of these properties into a series of codes, as shown in the table below. The swatch images show the shape of each ring style. Each item of maille on the following pages will show the codes in which it is available. Additionally, we supply loose rings in each code and the applicable riveting tool, where appropriate, for repairs, alterations and complete garment making.

Code	Material	Ring Type	Rivet Type	I.D. (mm)	Wire Gauge	Finish
1	Mild Steel	European Flat Ring (EFR)	Wedge	9	17	Natural
2	Mild Steel	EFR Riveted/EFR Solid Combination	Wedge	9	17	Natural
4	Mild Steel	European Flat Ring (EFR)	Dome Head	9	17	Natural
8	Mild Steel	Round	Dome Head	8	16	Natural
10	Mild Steel	Round Butted	N/A	8	16	Zinc Plated
12	Aluminum	Round	Dome Head	8		Grey Anodised
b	High Tensile	Round Butted	N/A	8	16	Zinc Plated

Swatch - Butted Round Ring

Swatch - Round Riveted Round Ring

Swatch - Wedge Riveted EFR

Riveting Tool  
**OB2359** - Code 1  
**OB2360** - Code 2  
**OB2363** - Code 8

Riveting Tool  
**OB2361** - Code 4

Loose Rings and Rivets  
**OB2337** - Code 1  
**OB2339** - Code 2  
**OB2341** - Code 4  
**OB2345** - Code 8
