ORDER THE NEW TRU-SPEC® CATALOG!

Atlenco's exclusive Tru-Spec® brand is one of the highest demand and most innovative product lines in the industry. Because our Tru-Spec® brand has expanded so dramatically, we have chosen to dedicate an entire catalog strictly to Tru-Spec® products.

Want to see the exciting Tru-Spec® products that are commanding more attention than any other brand in the law enforcement/public safety/military marketplace? Request your own copy of the new Tru-Spec® catalog, or visit our combined Atlenco/Tru-Spec® website for a look at the products that have become the favorites of so many discriminating professionals, including:

24-7 Series - The ultra comfortable, versatile and functional apparel that's ready for anything from extreme to casual.

TRU (Tactical Response Uniform) - The intelligent evolution of the BDU.

New Zipper Fly BDU Trousers - For the professional who has everything...except an easy way in and out.

H2O Proof Rain Wear and Rain Parkas - The closest thing to perfect protection from the elements.

Tru-Spec® Gen III ECWCS (Extreme Cold Weather Clothing System) - Three layers of warmth; one at a time or all at once.

Tru-Gear™ Professional Duty Gear from M.O.L.L.E. gear, backpacks and travel bags to ballistic nylon police duty gear.

MultiCam® Camouflage - One perfect camo pattern for all environments and all seasons, and Tru-Spec® offers more MultiCam® items than any other manufacturer.

Power Apparel And More
For Law Enforcement, Military
And Public Safety Professionals.

Meals-Ready-To-Eat (M.R.E.)

The Perfect Food For a Quick Meal Anytime, anywhere...

The perfect food for all types of outdoor use, emergency preparedness and long term storage. MRE's are fully cooked and do not require adding water. The unique thermo stabilized packaging provides shelf stable storage without refrigeration. A cooler storage temperature will extend storage life (see chart below).

You can heat MRE's many different ways: putting them in boiling water, holding over a fire or small stove, lay on the engine block of your vehicle or utilize the water activated MRE heater like the GI's do.

Many city, state, government agencies, schools, small and large businesses, fire departments, law enforcement, The Red Cross and FEMA utilize MRE's and make them their choice for emergency food supplies. So keep a few in your vehicle, make up that disaster kit you've been thinking about and replace or supplement your existing food supply.

Flameless Ration Heater Included In Each Meal

A minimum variety of four (4) 8-oz. entrees per case of 12 meals

MRE SHELF LIFE

MRE'S (MEALS-READY-TO-EAT) DO NOT HAVE AN INDEFINITE SHELF LIFE. ALTHOUGH THESE FOODS ARE DESIGNED TO WITHSTAND THE HARSHTEST CONDITIONS, THEY ARE TIME AND TEMPERATURE SENSITIVE. THIS CHART WAS DETERMINED BY MILITARY AND PUBLIC FOOD SCIENTISTS. THESE DETERMINATIONS WERE MADE ON THE BASIS OF NUMEROUS CRITERIA STATED IN MONTHS.

DEGREES FAHRENHEIT ESTIMATED SERVICEABLE LIFE					
120°F	100°F	90°F	80°F	70°F	60°F
1	18	30	48	55	84

NOTE: Time & Temperature Have A Cumulative Effect (Storage At 100°F For 11-months Moved To 70°F Would Lose Half the 70°F Shelf Life)

Menus may change during times of crisis or natural disaster.

SOFTIE ELITE SLEEPING BAGS:

with Built In Expanda™ Panel System (EPS)

The sleeping bag has evolved to the next level. Snugpak EPS (Expander Panel System) bags give versatility to tackle and adventure. The key is its ability to control temperature and comfort by being able to transform from a warm, snug sleeping bag, into a cool and spacious one. The bag boasts all the features of traditional sleeping bags but the jumbo zip baffle can be opened out to give much more room when needed.
